## EDUCATION

**Jabalpur Engineering College, Jabalpur**                                    2021 – 2025
Bachelor of Technology in Computer Science                                    CGPA: 7.985

## TECHNICAL SKILLS

**Languages:** C, C++, SQL, JavaScript, Python , HTML5, CSS
**Frameworks:** React, Node.js, Express.js, Tailwind CSS
**Developer Tools:** Git, GitHub, VS Code
**Databases:** MongoDB
**Others:** Data Structures, Algorithms, Object-Oriented Programming, Operating Systems,
Database Management Systems, Computer Networks

## PROJECTS

**Chess Game (Backend Project)** Live Link GitHub Link                         2024

- Developed and deployed a real-time backend-driven chess game using **Socket.io** for communication.
- Enabled participants to compete and spectators to view games with dynamic server-side rendering.

**Madad - ASL Learning App**                                                  2023

- Built a web app to teach **American Sign Language (ASL)** with video tutorials, quizzes, and forums.
- Integrated Google Teachable Machine for ASL gesture recognition and used **MongoDB** for real-time data.

**MovieFlix (React Frontend Project)** Live Link Github Link                   2023

- Created a React-based movie catalog with efficient state management and data flow via props.
- Designed an interactive user interface for billing and browsing functionality.

## VOLUNTEER EXPERIENCE

**Chairperson, ACM Chapter, Jabalpur Engineering College**                    2023 – Present

- Organized 10+ coding competitions and workshops, engaging over 500 participants.
- Increased chapter membership by 40% through targeted campaigns and events.

## ACHIEVEMENTS

- Shortlisted for the internal hackathon of **Smart India Hackathon, 2024**.
- Received **Certificate of Excellence** for Statify Data Science Bootcamp, FEBS IIT Bhubaneswar.
- Achieved **Certificate of Excellence** for Summer Analytics Bootcamp, IIT Guwahati.

## CERTIFICATIONS

- Front End Web Development, Coding Ninjas
- Back End Web Development, Coding Ninjas

## PROFILES

LeetCode                    GeeksforGeeks                    Code360
